Amy Hendrickson

"She's driven by a passion to serve and to be a part of her clients story."

Amy isn't your average Loan Officer - she's a cheerleader for her clients and their homeownership dreams.

Her clients will tell you before she does: Amy genuinely cares. She's deeply invested in her clients, their experience, and making the process as smooth and stress-free as possible. She's driven by a passion to serve and to play a meaningful role in her clients' stories.

In addition to working directly with clients, Amy currently serves as a Branch Manager, where she leads a successful team and is committed to creating the same level of support, communication, and excellence within her team as she delivers to her clients.

Amy's career in finance started early - at just 16 years old as a bank teller. She worked her way up to Branch Manager before transitioning into residential lending in 2014. Surrounded by her own "cheerleaders" during that transition, she carried that same encouragement into her mortgage business. Today, she's known for building lasting relationships and delivering a level of service that feels personal, responsive, and genuine - something both her clients and Realtor partners consistently recognize.

Originally from Midland, Amy now lives in Spring Lake with her college sweetheart and their two kids. When she's not working, it's boat, beach, repeat. Whether at home or traveling, her family loves being on the water - fishing, boating, and playing beach volleyball whenever they can.

Amy's dedication hasn't gone unnoticed. Alongside her business partner Hayley, she's been voted Best Lender in Holland & Grand Haven 11 years in a row (and counting), recognized as a Top MSHDA Lender for 5 consecutive years, named WMLAR Affiliate of the Year in 2022, and has earned President's Club honors for 5 years. These recognitions reflect her commitment to excellence and the relationships she's built along the way.
