Here's what some of our customers had to say about working with John!

My experience with John at Treadstone was great. John especially took the time to explain things in detail and answered all of my questions. 10/10 would recommend.

— Sarah W. (October 2022)

My wife and I worked with John at Treadstone to finance the mortgage for our new house. John was fantastic. He walked us through every twist and turn of the financing process. In the past when buying a home, I felt in the dark about the financing process—not with John. He even stepped in to help save the sale of my old home when the buyer's original financing fell through. John is a delight to work with. I can't recommend him highly enough!

John and his team at Treadstone took care of everything from start to finish. He explained the process and set realistic expectations for every step.

— Mark G. (September 2022)

John and the Treadstone team are incredible to work with. They are very personable, efficient, and have excellent communication. John went above and beyond to make sure our home selling and buying process was seamless. I can't say enough good things. They are extremely trustworthy, skilled, and just overall wonderful humans!

— Kim M. (August 2022)

John and his team are fantastic. During an absolutely crazy market, he helped us get a home that will allow our family to thrive. He was very informative, and always honest about the state of the market. We are very detail oriented, and John was able to get us everything we needed. He loves to nerd out on mortgages and numbers, so those conversations were great. No stone was left unturned. If you are looking for a solid lender, be sure to contact John. You'll be in great hands with him and his team.

— Shaun G. (June 2022)

As a first-time home buyer, our Loan Officer John was very responsive and patient with all my questions. He made the process easy and exciting. I will always recommend him and his team!

— Brooke H. (June 2022)

From start to finish, John and the team were very professional and supportive. He communicated clearly what was required each step of the way. We had numerous virtual meetings where our questions and concerns were clearly answered. John also went above and beyond when we had questions outside of these meetings, facilitating calls with us at a time that suited us even if outside working hours.
