## Here's what some of our customers had to say about working with Danielle!

My family and I moved in from out of state. We called Treadstone Funding after seeing they rated very high and had some great reviews. We called in before submitting our application and talked with Danielle to better understand the process in Michigan. She answered all of our questions and was very professional about it, being some of them were probably a bit silly. Throughout the process of buying our home and Danielle was outstanding! A straight-shooter and very knowledgeable about her field. Danielle and her team made the process very easy for us, educated us on the current market and discussed all of the options in front of us. When we put an offer in, we knew exactly where we stood and were able to get exactly what we wanted in the end. Danielle set us up with a Realtor she had worked with in the past and within a couple days we had an accepted offer and were under contract on our new home! We cannot say enough about Danielle and her team.
