We had the best experience working with Mike and his team. They are so helpful and go above and beyond to make sure we fully understand the process and are in the best position that works for our family! We will definitely recommend and use this team again!

Treadstone made our home buying experience quick and easy. Mike and his team provided us with a plan to get us in the best possible position financially for when we found our perfect home. They worked quickly once we had an accepted offer to get us to close! We highly recommend Treadstone, everyone we worked with was excellent! Thank you Mike and the whole Treadstone Team!

– Jon D. (August 2022)

Mike and his team at Treadstone were fantastic to work with. We had no issues and they were helpful with all the questions that arose during the mortgage process. As we were moving from Montana, the entire process was done electronically except for closing, which was done with a local notary. I would definitely recommend these folks!

First-time home buyer here. Mike and his team were friendly and very responsive through the whole process. Mike took two calls after hours and responded to emails over the weekend which was helpful each time. The online portal is user friendly, and makes paperwork processing less difficult and annoying. We were able to close in 24 days! I really appreciated Mike taking the time to explain how much cash I would need to close, educating me on down payment vs closing costs, and all things prepaid. This is truly a great team to work with, especially in this atypical real-estate market. Friendly, accurate, responsive.

– Genny L. (July 2022)

It's always a pleasure to work with the Treadstone team. Mike worked quickly to get everything completed on time and were always available and professional when I had questions. I have worked with Mike and his team in the past and will continue to do so in the future.

– Alex C. (June 2022)

We had a tremendously positive experience with Mike during our refinance. He worked so well with us for our home purchase, that he was the first and only person we wanted to work with for our refinance! He took the time to thoroughly explain all of the details, and genuinely wanted to do what was best for our family! We felt supported and confident, and had nothing but positive interactions with everyone.
