## Here's what some of our customers had to say about working with Mallory!

Mallory Strotheide and team helped me purchase my first home. From the start, Mallory's team was very quick and easy to work with on the pre-approval process. They were very responsive and kept me informed throughout. Mallory is very personable and helpful; she made contact throughout the process to ensure I understood everything and answered any questions I had. Another team member I worked with was very diligent in answering questions and paying close attention to all of the details. The entire process was seamless, accurate, and extremely quick. Their work allowed me to close in under 3 weeks!

Best mortgage company I have had the honor of working with! Fast on their feet and ready to answer any questions you have. Made our buying process fast and easy! They go out of their way to help us the homebuyers get what we need to get everything done smoothly! I appreciate Treadstone for working with us, and I would recommend them for anyone looking to purchase a new home!

Working with Mallory and her team was really wonderful during the stressful home buying process. We had a quick turnaround time—which they met with ease, efficiency, and kindness. The entire process went swimmingly, and they got us from offer to closing within 3 weeks.

Mallory went way out of her way to help us get our new home. We had virtual meetings with her, where she and her team answered any questions we had. They wasted no time replying to any questions we had via email or phone. She even sent us little gifts along the way, reminding us to spend time on things other than house shopping. It was the little things that made a big impact. And the best part, we closed on our house in about two weeks! At closing, there was a beautiful and delicious cookie bouquet on the table. Thank you Mallory!

I had an outstanding experience with Team Mallory. I worked with both Carley and Ashlee and I can not say enough good things about them. They went above and beyond—making sure we understood the whole process and answered any questions that I had. Their communication was quick and they worked around our crazy schedules to talk when needed. I can not recommend this team enough. They made the home buying process as easy as can be.
