Here's what some of our customers had to say about working with the O'D Team!

I have done a handful of mortgages with Treadstone and Team O'D; they always provide top notch service, great rates, and a positive experience. They are a great team to work with.

What an amazing experience working with this mortgage lender! From my first calls and emails to the most recent we were blown away by the customer service. As someone who doesn't speak finance language, OD and his team were there to answer every question. They had several check ins along the way, unprompted, making me feel very cared for without overdoing it. Grant was patient with running various numbers and scenarios to make us feel more comfortable about our cross country move. The online platform was simple and easy to use and getting documents signed and completed was a cinch.

We have used Treadstone for our past 3 mortgages, with some unusual circumstances on our end, and they have taken care of us each time. Brendan checks in with us occasionally and when rates went down enough to save us money, he let us know right away.

We house hunted for our next home nearly a year and a half—it's a tough market! Brendan and the whole Treadstone team has been on our side throughout this entire process. Each of the staff spoke with knowledge, integrity, and passion about our questions. We found a Treadstone pre-approval letter truly a boost for making any offer and is well respected by West Michigan Realtors. Not only did they have our back I feel like we could go out to lunch with any one of the staff and talk like old friends..
